Key Ingredients for a Healthy Core Group

Real Community: Acts

Key Ingredients

Commitment.

The backbone to a healthy Core Group is commitment. Commitment to Jesus and commitment to one another which results in a commitment to the Core Group.

Openness and Honesty.

For us to get the most out of Core Group we need to be real with one another. We need to be able to say when we are doing well and when we are not.

Confidentiality.

In order for people to be real and open we need to be able to trust one another that what is shared in the Core Group is confidential to the group.

Affirmation.

A healthy Core Group is a place where people feel valued and accepted. There is nothing you have done or can do that will make us not love and care for you.

Accountability.

A healthy Core Group is a group in which people are accountable to each other.

Prayer.

A healthy Core Group is a group that lifts each other up before the throne of grace and asks Him for the blessings they need.
